WELCOME!! We are very excited to be here with you on this journey!! **Please sign up for our email mailing list for this course by clicking here.** We will only email you when we have an update, announcement, or offer that is relevant to your course completion. *This is the only way we will communicate with all learners in the course after February 6, 2025 so please sign up!*

IMPORTANT:

1. To earn a certificate of completion you must answer at least 80% of the questions of the check in and final assessment questions correctly. In addition, you must score at least an 80% on the final assessment (7.5) before moving on to Section 8.
2. Closed captions are available on all videos
3. You will have forced breaks in the program to prevent you from completing sections too quickly. Use that time to do the activities in your study guide or review content. Remember: Pace yourself! There is a lot of content in 40+ hours!
4. **If you ever need help because something is confusing or have a question about the content, please email Adrienne and she will help!**

- You will only be able to select the next module once you complete the module before it.
- You need to complete all of the videos. There is no fast forward option in the videos.
- Some quizzes require you to correctly answer 80% of the questions. If you can't move on after taking a quiz, double check that you passed the quiz. You may need to retake it.
- If you have to stop training, you will be able to log back in and pick up where you left off.
- Follow the on screen prompts as you go through the course.
- Important: Early in the course there are a few places that we make you pause for a few days if you are going too fast. If that happens to you, review the activities and concept checks in your learner study guide while you are waiting!
- If you have any issues email continuinged@abacnj.com
